“5th Quarter” – Movie

Friday at 10:30 a.m., come learn about making smart choices and being a responsible driver. Watch a movie based on the true story of Luke Abbate. He accepted a ride home from a fellow student following his high-school team practice. In a severe case of irresponsible and reckless teen-age driving, and over the objections of Luke and the other young passengers, the driver lost control of the car at nearly 90 miles-per-hour, spinning off a narrow road and landing in an embankment some seventy feet below. Luke suffered irreparable brain damage, and died in the hospital two days later – just four days before his sixteenth birthday.
