## Objectives

I am running to become a FCCLA officer because of the values and lessons it has taught me. Since I have joined FCCLA in 2019, it has helped me be a better version of myself and taught me to be more outgoing. This year I am seeking to get a State Officer position, because I want to work with members across the state of Texas. VP of Competitive Events has also been a goal position, because I loved competing in STAR Events and I hope to contribute behind the scenes and work with members and adults that share the same passion as I do. Lastly, I would also enjoy VP of Projects because I am always interested in what members are doing to improve their own school and community.
