

Texas FCCLA Service Learning Projects

Service Project Ideas

- Mentoring elementary children so FCCLA members can understand the needs and stages of development of various ages of children.
- Trash Bash (clean up the community)-This is an opportunity for students learn how trash affects our environment.
- Work at the food bank or sponsor a food drive. Create boxes using nutritional guidelines.
- Decorate a Nursing Home or adopt a grandparent. This will help students understand effects of aging and help them develop a relationship with the elderly.
- Raise money for a charitable organization such as Relay for Life, Step out for Diabetes, March of Dimes, etc. Students will learn the affects of various diseases and prevention measures.
- Participate in regional, state and national service Project Programs.
- Prepare a nutritious meal for homebound individuals using foods that meet special dietary needs.
- Volunteer at Special Olympics to understand the needs of those with special needs.
- Volunteer at local animal shelters and learn the importance of responsibility to animals.
- Volunteer at Salvation Army and learn how this organization benefits others.
- Host a bicycle safety course to help elementary students learn about safety.
- Prepare public service announcements about texting or drinking and driving to learn how these behaviors can negatively impact life.
