The FCCLA state 2012 state service-learning project is Learn to Love. We are asking chapters to donate love-packs that are made by their FCCLA chapter members based on TEKS that are covered in class. These love-packs will be donated to shelters and other groups in Dallas, Texas that help children from low-income families better their education and break the cycle of poverty.

# LOVE-PACKS

♥ Love-packs will be made for different age groups: pre-school and pre-kindergarten, kindergarten and first grade, second grade and third grade, fourth grade and fifth grade.

♥ Love-packs will be a tote consisting of a variety of gifts made by chapter members pertaining to TEKS taught in their FCS classes.

♥ Be sure everything in a love-pack pertains to one specific age group.

♥ Fill each love-pack with games, books, pillows, bracelets, healthy snack bags and any other objects created by chapter members using their knowledge they gained from FCS classes.
