Objectives

I would like to run for Region President because it would help me get one step closer to my goal of becoming a National Officer. I believe the leadership skills I have acquired from this year would make me a great candidate to lead our Region V Officer team. I would also like to be a State Officer as this would give me an opportunity to learn and lead above the region level. The third office I would be interested in, is competitive events. I feel like this would give me insight into what goes on behind the scenes and would therefore help me learn more about the competition side of FCCLA.
